SEE IT WORK AND SAVE \$1.00

Each [Design in a Bag](#) comes with: cabinetry finishes showing color and wood species, countertop and tile selections, shopping / resource list, 4 large-format paint swatches and coordinating architectural drawings illustrating the finishes and wall colors. Starting at \$59, there are lots of options to choose from categorized by collection and color palette. Bags can be customized and advice can be given for your specific project. This method is not for everyone, but we definitely see how it could make the process so much easier for a lot of people.
